

Program Description

EARLY CHILDHOOD PROGRAM - FALL SCHEDULE 2018

September 17th - November 30th

Playgroups are parent and child stimulation workshops focusing on child development through interactive play.

Child Stimulation Program helps young children develop physical, language, cognitive and social skills through various age appropriate educational activities.

Sharing Stories invites you to come sing, play and listen to stories alongside your little ones while also giving time and space to talk and share with other parents on a variety of topics.

Parents & Infants Stimulation Workshops offer an opportunity for parents of newborn babies to learn and exchange ideas on parenting and child development.

Cooking & Discussion Workshops provide a chance to get together and prepare nutritious meals. We feel that cooking together helps people to open up to each other. Some of the discussions surrounding parenting will be facilitated by professionals.

Lunchtime Support Group : TBD

Newsletter includes parenting advice and tips, play suggestions, safety tips, program updates and more!

Early Childhood Vision

“We believe in the POWER OF PLAY!

In a safe environment, we offer parents and children of different backgrounds the opportunity to bond, communicate and live through challenges. Our program provides a unique experience to meet people, exchange ideas and become empowered.”

Tyndale's Mission in 3 Parts

To **empower** the community of Little Burgundy by offering programs designed to promote self-reliance, mutual aid and fulfillment through education, cultural, social, employment and recreational programs, providing individuals and families with encouragement, tools, opportunities and support.

To help **develop** the community of Little Burgundy and to work with community partners to enhance the cultural, social, economic and environmental well-being of the community.

To **be a presence** to the community of Little Burgundy and accompany its people through their struggles and successes.
